It is almost time for me to go to Kindergarten!

Today, I will visit a kindergarten classroom to see if this will be the right school for me. I might feel excited, nervous, or both!

First, I will arrive at Julie Billiart School and enter in the front doors with my parent. I will wait with my parent until it is time to go to the classroom.

Next, a teacher will walk me to the kindergarten classroom. My parent will not come back to the classroom with me. I might feel sad leaving my parent, but it's okay! I can remember that I will see them soon and I will have lots of friends and teachers with me.

When I get into the kindergarten classroom, it looks fun! My job is to follow the group plan.

Sometimes the group plan will be to work, sometimes the group plan will be to play! My parents, teachers and friends feel proud when I follow the group plan! I am proud of myself too.

When it is work time, I can try my best. It is a little problem if I make a mistake or do not know an answer.

Part of the group plan will also be taking a bathroom break. In kindergarten, we use the big bathroom. If I feel scared, I can use my words to ask for headphones or for a teacher to help me.

Because I am in a new place, it is important for me to always stay with the group or with a teacher. If I need to leave the group, I can use my words to ask a teacher. I can ask to go to the bathroom, to take a break, to take some jumps, or go for a walk.

While I'm at school, I can try my best to keep a safe body. A safe body means keeping my hands and feet to myself, using my words, and staying in my area.

When we finish the group plan, a teacher will walk me back to my parent. I will come back for another day of work and fun tomorrow!

I can be BRAVE going to new places, meeting new friends, and following a new group plan!
